## The Lesson.

Written for the Advertiser.

The snow was falling thick and fast, And over the landscape wide and vast An emerald mantle white and pure; And to each pine tree clinging secure Large feathery plumes of purity rare.

That slowly nodded in the breeze, Which softly crept amongst the trees And sought to pluck a pine or two When suddenly, most sweet and clear, A trill of music reached my ear.

And thrilled me with a sweet surprise And shame, beneath the snowy skies A robin redbreast raised his voice.

"Hush up, cheer up! His glad refrain, 'For spring, sweet spring, is here again! Cheer up old world, rejoice, rejoice!'"

Unrecoiled, dissatisfied, Robustious, is it too absurd To learn a lesson from a bird, And blush for selfishness and pride?

And all throughout that April day Remembrance of that bird's song gay, So full of faith and hope and cheer, Made my existence seem less drear.

And made me blush for lack of faith, And hope perhaps the sun will shine Even here and now for me and mine, And hope for joy this day of Death.

COBRA M. W. GREENLEAF.

### A Sudden Death.

Gardner Davis, who has been in poor health for some years, passed away suddenly on the night of April 13th, in the 74th year of his age.

Funeral services conducted by Rev. H. A. Pease, supplemented by the impressive Masonic ritual, were held at his late residence, on the afternoon of April 16th. The male quartette sang three beautiful selections, "I Shall Know Him," "Nearer to Thee," and "The Wayside Cross."

There were many lovely flowers, among them being a pillow inscribed with the words "I shall know him" and a piece composed of white petals from the late Mrs. Davis. The bearers were Cyrus Durgin, E. R. Bachelder, Walter Newberg and David Fogg.

Mr. Davis leaves a wife and son to mourn their loss, and the community loses an honest, upright man, and one who always spoke well of another when he could consistently do so.

The Easter concert held in the M. E. church last Sunday evening was excellent and held the attention of a large and interested audience. It is no idle boast to assert that the talent displayed by the children and young people of this village cannot be excelled anywhere.

The wife of Charles Watson passed away on the night of April 15th. She had been in failing health for a number of years and the summons was not unexpected. Rev. H. A. Pease conducted the services which were held at her home on the afternoon of April 18th. The male quartette sang beautifully three selections, "All for Thee," "I Come to Thee," and "Nearer to Thee."

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

The buckle had caught the shoe so that they had to take the shoe off before they could get the buckle. He injured his head and neck and the leg which was caught in the strap very badly.

Our spring is running behind as cold weather is holding us in its grip. Birds came rather too early to insure a warm spring. Many of the little fellows came in March, such as bluebirds, sparrows, peewees and robins, and they must have had a hard time to weather the cold winds which have blown almost incessantly through this month. We have not forgotten the expression Uncle Bartlett made one time. He said, "He had just as soon see the devil as to see a robin in March for a cold spring was sure to follow."

### Was Born in Otisfield.

Mrs. Priscilla Chaplin is the oldest woman in Bridgton. She was born in Otisfield, Apr. 7, 1810, and so is 98 years of age. Her father, Jonathan Wight, was a native of Wrentham, Mass., and came to Otisfield with his parents when a very young man. He was intelligent, honest and eccentric to a humorous degree, all of which characteristics his daughter inherited.

Mrs. Chaplin's mother was Mercy Harmon of Waterbury. Mrs. Chaplin was one of a family of 11 brothers and sisters of whom three sons were soldiers in the Civil war. In 1845 Priscilla was married to Andrew Chaplin of Bridgton, who died in 1878.

About 25 years ago Mrs. Chaplin fell and broke one of her hips by reason of which during these last years she has been obliged to use crutches.

Sixteen years ago Mrs. Chaplin went to live with Mrs. Sarah Berry of South Bridgton, who during all these years since that time has cared for her with the tenderness of a daughter. Since ill, needs has confined Mrs. Chaplin to her bed and she has lost all of the old-time sparkle and originality that made her name almost a synonym for wit.

There seems to be a feeling among the farmers that it is not the intention of the milk dealers in Portland to live up to the provisions of the present contract which does not expire until September 1st. It is quite probable that at these meetings steps will be taken toward forming a stock company among the members of the association to sell their dairy products direct to the consumers in Portland and other Maine cities.

**NORTH CHATHAM.**  
Mrs. Louise Fife.  
Mrs. Fife, or Aunt Louise as she was familiarly called, passed away on Thursday, the 9th. She has been a great sufferer for several months with cancer in the stomach. The last 20 days of her life she took nothing but cod liver oil. She has been tenderly cared for by her niece, Mrs. Mary G. Chandler, and Mrs. Chandler's son, J. L. Chandler, and his wife. She will be very much missed in her home and in the neighborhood, where she was always ready to lend a helping hand. There is hardly a home in the vicinity but what she has given assistance in time of sickness. She was 70 years old the 21 of April. She was the daughter of Joseph and Mary (Dresser) Gordon, the last of a family of nine children. She married Peter Fife. They lived in Stow quite a good many years and finally Mr. Fife sold his farm and moved to Gorham, N. H., and went into trade. They lived there several years, and Mr. Fife was taken sick and died, and since that time Mrs. Fife has made her home with her niece, Mrs. Chandler.

**CASTORIA.**  
Dear the Kind You Have Always Bought  
Signature *Chas. H. Fletcher*

**THE COME AND SEE SIGN**  
Public Inspection WANTED  
8 to 10 A.M. 4 to 6 P.M.  
Lydia E. Pinkham Medicine Company, Lynn, Mass.

This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.  
What Does This Sign Mean?  
It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound. Is it a purely vegetable compound made from roots and herbs—without drugs?  
Come and See.  
Do the women of America continually use as much of it as we are told? Come and See.  
Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write? Come and See.  
Is the vast private correspondence with sick women conducted by woman only, and are the letters kept strictly confidential? Come and See.  
Have they really got letters from over one million, one hundred thousand women correspondents? Come and See.  
Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women? Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; the poor doubting, suffering woman, for her own sake, be taught confidence, for she also might just as well regain her health.

being well again when I read of Mr. Cooper's remedies. I decided to give them a trial, and I began to feel better at once. After taking the medicine for two weeks I can say that I am a new woman. I can eat with enjoyment, the pains in my body have left me, and I am stronger than I have been for years. "I cannot say enough for Mr. Cooper's remedies. They are wonderful. They have done everything claimed for them in my case."

A second statement by Mr. W. B. Stewart, 109 W. Madison St., Chicago, is as follows: "I have had stomach trouble for years, and anyone who is afflicted this way knows what an awful time I have felt that I would give most any price to be cured. It was by accident that I heard of a man named Cooper's remedies. I immediately made up my mind to buy a treatment of him. I used it for about two weeks, and it is impossible to tell how much good it has done me. I feel altogether different. I am stronger and more energetic than I have had for years. This medicine certainly does stimulate and strengthen the whole system. Tired feeling and weak condition of the stomach has entirely passed away. I feel well again."

We sell Cooper's celebrated medicines which have made this wonderful record in all parts of the country. - F. P. Stone, druggist, Norway, Me.

**COOPER'S FOLLOWERS GIVE REASON FOR THEIR BELIEF**  
With a theory that human health is dependent on the stomach and with a medicine which he says proves this theory, E. T. Cooper, a comparatively young man, has built up an immense following during the past year. Cooper has visited most of the leading cities of the country, and in each city has aroused a storm of discussion about his beliefs and his medicines. Wherever he has gone, people have called upon him by tens of thousands, and his preparation has sold in immense quantities.

The sale of this medicine has now spread over the entire country, and is growing enormously each day. In view of this, the following statements from two of the great number of followers which he now has, are of general interest.  
"I was broken down in health. I could not sleep and I was very nervous. Gradually I began to lose my memory, until I could not remember things from one day to another. I had severe pains and cramps in my body, and I would at times see dark spots before my eyes. I was unable to do any work whatever, as my strength was failing. I had no appetite, nor could I take any medicine. I had about given up hope of ever

**The Promises of Spring.**  
A Keen Observer of Everyday Life Sees Signs of the Glad Summer Time

We are all glad to welcome the return of the spring with its beauties of nature, after a long, cold winter has passed. Flow warm and brightly the sun begins to radiate its rays upon this earth of ours, now all dripping with the melting of the ice and snow. As we go along the country road we hear the welcome song of the various birds, the harbingers of spring, and as we watch from day to day the buds on the trees as they expand, large, they all seem to tell us that spring, the time when all nature awakes after a long rest, is with us again. We come along the road to a brook. It is now a scene of activity as the waters gurgle along over the rocks on its way to the river or lake, whereas only a short time ago it was bound by ice and snow and all was perfectly quiet.

Then as we look at the sky and see the dark clouds gathering over the beautiful blue, perhaps for a heavy shower, they remind us that we have not seen any such quick gathering of clouds since the winter came upon us, and thus they add to the promises of springtime. What are some of these promises? Well, the sweet songs of the birds at morning and at evening, the bursting forth of the buds giving the woods its first tint of green, the beautiful pink and white mayflowers with their sweet perfume, the violets and all the early flowers, these with the nice warm days are some of the promises of spring.

**Simple Home Recipe.**  
Mix This Simple, Helpful Recipe at Home and Try It, Anyway.  
Get from any prescription pharmacist the following:  
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.  
Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs. Mix some and give it a trial. It certainly is a highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

## Good Roads.

The county road meeting for this county will be held this year April 23, at Rindford Fair municipal court room at 1 p. m. This is what Commissioner Paul D. Sargent in the circular says among other things:—"If we had the time and the proper force I should be glad to send a representative of this department into every town to make an examination of the work and to suggest such line of improvement as seemed needed. As this is utterly impossible under present conditions the next best thing will be for you to get in touch with the department through these meetings."

Now we are inclined to think this would be just the best thing to do. Have a practical Highway department for the State that would look at the different kinds and conditions of road and tell just what to do and how to do it. We have as much time now as we ever had or ever will have. One practical road builder for every county ought to be able, if he worked every working day from the time the ground opens in the spring till the frost closes it in the fall, to advise how the work should be done and inspect the work after it is done. A practical road builder in each county is just what most of our towns need to start them along the best way of building good roads. One that can show by actual demonstration that his theories are good.

It will be expensive but not so expensive as experimenting with road building, and then have the state of that road worse than the first.

It is the results we want and if the State of Maine can map out and direct the building of better roads, the taxpayers pray that nothing may stand in the way. May time be taken by the forelocks and some of these taxpayers ride over these good roads before they die.

Give us good roads!

## Cures Coughs and Colds.

Hyomei Gives Relief in 10 Minutes—Cure Over Night.

Everybody knows, or ought to know, that Hyomei is recognized among scientists as the specific for Catarrh, Asthma, Bronchitis and Hay Fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

But everyone should know that the soothing, balmy and antiseptic air of Hyomei when breathed over the raw and inflamed membrane of the nose and throat will instantly allay the inflammation, and will effect a prompt cure.

Complete Hyomei outfit, including inhaler, costs only \$1.00 at Noyes Drug Store, extra bottles, if afterwards needed, will cost but 50 cents.

Joseph M. H. Hargh, Helderberg, Nob., writes: "I have used your Hyomei in my family for two years or more, and find it one of the best remedies we ever used for a cold or sore throat. We find that it gives quick relief in cases of catarrh."
